Application Checklist

PROJECT DESCRIPTION:

A written description of project limited to one page in length. You may include supplemental color slides, black & white or color photographs, or video.

SITE PLAN:

Submit one detailed, full-size scaled site plan including all existing and proposed land alteration, infrastructure, and building types. Include a location map of the project vicinity with travel directions.

SITE INVENTORY MAP:

Include a map of predevelopment site conditions. Designate such areas as wetlands, wildlife corridors/natural areas, floodplain boundaries, historical sites, etc.

AERIAL PHOTOGRAPH(S):

Submit aerial photographs showing predevelopment conditions and surrounding areas.

APPLICATION NARRATIVE:

Respond to Criteria 1 through 10, addressing each. You may supplement with color slides, black & white or color photographs, or video. **NOTE:** If a category is not applicable to your project, please indicate so and explain why.

COMPLETE APPLICATION SUBMITTAL:

One complete full size full color paper copy and one digital copy in viewable form on CD-ROM of all application materials A PDF file is suitable in lieu of CDs as long as the PDF file is of a small enough size that it is suitable for e-mail.

Sign below indicating agreement to allow access to the site, to submit to periodic spot checks without notice to validate the project continues to meet the terms of the award, and to return any award and forfeit all benefits if it is found by the Stewardship Development Governing Council that the subject property failed to maintain the level, nature, and quality development represented in the application.
